TECHNICAL SHEETS

NAME Smoothie biphasic

PRODUCT Leave-in bi-phase conditioner.

CAPACITY 500 ml 16,91 Fl. Oz.

HAIR TYPE Fine, damaged hair.

DESCRIPTION Leave-in bi-phase instant conditioner for fine, dry and damaged hair. Its formula made with a plant protein complex containing oat, corn, soybean and wheat also contains a UV filter to hydrate, nourish and control frizz. In two phases, it refreshes, hydrates and protects the hair, leaving it visibly healthier, more hydrated and easier to style.

ACTIVE INGREDIENT **The plant protein complex** with oat, corn, soybean and wheat hydrates and nourishes the hair, controlling frizz. The **UV filter** protects the hair against oxidation caused by UV rays.

DIRECTIONS FOR USE Shake the product to mix both phases. Apply to damp hair, concentrating on the mid lengths and tips. Do not rinse. Style and dry according to the desired technique and result.
